

WAYS AND MEANS COMMITTEE

Functions and Purpose:

The Committee is charged with the responsibility of preparing, distributing, and compiling the results of faculty surveys, and reporting the findings to faculty council. The Committee will recommend and preview any additions, deletions, and changes in the associated faculty sections of the Temple College Personnel Handbook. The committee will also recommend changes to any portion of the Temple College Personnel Handbook.

Composition:

Four faculty members elected by Faculty Council

One faculty member appointed by the incoming President of Faculty Council.

The committee meets on call of the chair.

BOARDS

INFORMATION TECHNOLOGY ADVISORY BOARD

Functions and purpose:

The function and purpose of the ITAB is threefold. First, the ITAB will advise Information Services on matters relating to the Technology Plan and open labs on the Temple College campus. The board will provide advice concerning priority setting, disciplinary actions, usage of the open labs for classes, and hardware/software considerations in addition to approving policy for the open technology labs. Second, the ITAB will aid Information Services in setting and enforcing policies concerning hardware and software purchases for the College, providing assistance in the tracking of hardware/software, providing guidance for the use of the campus-wide network, developing user training guidelines, and developing a maintenance support plan to keep equipment running at its maximum performance. Third, the ITAB will provide direction in the use of information technology for instruction.
