

MEDIA CENTER SERVICES

Purpose:

The purpose of the Media Center is to facilitate, coordinate, and promote the use of media technology to serve the needs of students, faculty, and staff. The main objective is to provide a quality product to the employees and students of Temple College. Services requested by faculty and staff for instructional purposes will be charged to their associated departments monthly.

Services requested by employees and students for personal use, must be paid by cash or check only.

Media Center services available include duplicating services, media services, media equipment check out, and digital production services.

You may contact the Media Center at x8421.
