

ENERGY CONSERVATION

Temple College will make every possible effort to conserve energy. All employees are urged to be “energy conscious” and to conserve energy in every possible way. Heating and air conditioning may be raised or lowered at night, on weekends, and holidays when buildings are not in use.

Board Approval Date: January 27, 2014

Effective Date: January 28, 2014

Policy Manual Review Committee Final Revision Date: December 8, 2016
