

Dear Student,

Temple College has received an allocation of funding through the Federal CARES act for emergency student aid. The College is utilizing that aid to provide \$500 grants to students enrolled in twelve or more hours or all courses needed to complete their degree this fall. You are receiving the letter because you have qualified for the grant.

You may use your grant funds in whatever way best meets your individual needs, but I strongly encourage you to spend the funds on technology and other costs related to the disruption of campus operations and the shift to online courses this fall due to coronavirus. If you do not already own a laptop that is compatible with the software required by your courses, you can find one at www.dell.com/templejc or your preferred electronics retailer.

I wish you success this fall as you further your educational goals. However, I realize that your individual circumstances may change. If you have to drop or withdraw from fall course(s), the \$500 grant may be withheld from any refund you receive, or a hold may be placed on your account. I strongly encourage you to reach out to our advising team and student success coaches at any time this fall. They will be able to provide assistance and support online, over the phone or in-person.

Take care, and stay safe.

Warm Regards,

Dr. Christina Ponce
President, Temple College
