

Temple College Academic Fresh Start

Student Name: _____

Student ID: _____

If you have credits for college courses taken at Temple College ten or more years prior to the planned enrollment date, those credits can be ignored for enrollment purposes under the “Academic Fresh Start” law.

_____ I understand that this is an all or nothing option. I cannot pick and choose which courses to ignore and which courses will count. I elect to have all courses taken from Temple College that are ten years old or older ignored.

_____ I understand this is irreversible. Once this Academic Fresh Start is applied, it cannot be reversed.

_____ I understand that the courses ignored will no longer be eligible to transfer to another institution.

_____ I understand that the ignored courses will still appear on my Temple College transcript.

_____ I understand that an Academic Fresh Start only applies to my academic record and my eligibility for financial aid will still count all credits earned.

By signing the form, I elect this academic fresh start.
