Transfer Outlook

Traditionally, a bachelor's degree in general studies is designed for students who have completed some college coursework in the past, but took a break and are now interested in finishing a degree for career advancement or personal achievement. Some programs require prior college enrollment for admission.

First-time undergraduate students who know the career path they would like to follow should select a college major relevant to that career. However, students may be able to find some careers where a bachelor's degree in general studies is helpful.
